5000B Portrait Canvas 320 gsm

Description

This universal water resistant canvas is a single-side coated matt canvas made out of a 1:1 structured cotton/polyester blend. Its structure is optimised for photographic and portrait applications on inkjet printers with pigmented inks. The smooth structure allows a very uniform rendering of skin tones and colour areas. The coating is water resistant in combination with pigmented inks and allows post print operations like protection sprays or lacquering.

Features

Smooth and low structure for uniform rendering of skintones, Short drying time and strong ink fixation, easy mounting & handling, tear resistant, high color brilliance and uniform color areas, water resistant inkjet coating

Applications

Indoor banners, retail displays, digital art & photos, trade shows & exhibitions, framed art.

Select your Canon printer to find matching media and media profiles.

Printing

For optimum results select the highest print quality.

Lamination

To add surface protection from dirt and abrasion a pressure sensitive or warm laminate is recommended. A laminate also protects against gas-fading. As the media dries immediately, it can be laminated without waiting although to wait for about 3 hours before laminating is recommended. For mounting on a board, encapsulating an edge of 5-6mm around the image is recommended. This prevents against moisture and paper splitting because of the tension of the laminate. If the laminate is not divided proper over the surface of the paper than this can cause curl.

Physical Properties

Weight	320 g/m ²
Calliper	500 microns
Cotton/polyester ratio	50/50 %
Whiteness	L* 94.5 / a* 0.9 / b* -4.9

Storage Conditions

Store by 23°C and 50% relative humidity. Store material in original packaging until ready to use. Allow material to adapt to room conditions before use.

Media can absorb moisture in humid conditions or extend moisture in low humid conditions. High humid conditions make the ink dry longer. The packaging also protects against sunlight.

Shelf Life

1 year from shipping date when stored under ideal conditions (see above)
