

NON-WOVEN DESIGN2WALL AQUA 180

matt 2510, 180 g/m²

High quality non-woven wallpaper for waterbased pigment inks

The Non-woven design2wall Aqua 180 matt is a high quality non-woven wallpaper for printing with waterbased inks and is characterised by high colour brilliance, opacity and dimensional stability. It can be pasted using standard non-woven wallpaper paste, however to maintain the high colour brilliance and scratch resistance, the wallpaper should first be protected using a liquid laminate. It is flame retardant and certified.

Properties

Advantages

- Wide colour gamut and good colour rendition
- High opacity for good coverage of the underlying surface
- Good lightfastness
- Dimensionally stable, no wet or dry stretching
- Dry strippable
- Good coverage of uneven surfaces and cracks
- PVC free
- FSC® certified
- Flame retardant and C-s1, d0 certified according to European Standard EN 13501-1
- Hang using standard non-woven wallpaper paste

General tips

Prints have to be protected with a liquid laminate.
